ANNUAL REPORT

2015 – 2016

For the
Goulburn Broken Catchment Management Authority
And
Greater Shepparton City Council
(TRIM: C16/11570)

GENERAL

Mission

The mission of RiverConnect is to create a vibrant, more cohesive Greater Shepparton community through developing a strong sense of belonging and connection to our rivers.

This will be achieved by understanding and enhancing the environmental, cultural, recreational and economic value of the rivers.

Vision

Shepparton and Mooroopna will be widely recognised as river towns where features of living here include:

- *a thriving natural environment*
- *a connection with that environment*
- *a culture that is enriched by the traditional owners' connection with the area*

People value and respect our rivers and floodplains, whilst using them as part of their daily lives for recreation, relaxation and education. The community, government and land managers, together with the traditional owners, work in partnership to protect and enhance the value of our rivers.

KEY ACHIEVEMENTS

- Schools National Tree Day plantings were the biggest yet with 9 schools and 540 students participating on 12 occasions planting 1331 local indigenous trees and shrubs.
- RiverConnect Strategic Plan review commenced and all partners have strongly reinforced their commitment to the project
- RiverConnect Shared Paths Master Plan adopted at November council meeting
- Interpretive signage and seating installed at Boulevard Bush Reserve
- Flats signage won the Greater Shepparton City Council Cultural Heritage Interpretive Signage award
- RiverConnect celebrated 10 years.
- Short stories project developed with the expert assistance of Bruce Cumming and RiverConnect partners and community members. Two films have been completed:

CONNECTING ENVIRONMENT

To protect, repair, enhance and sustain important river, wetland and forest environments, so that current and future generations can understand and enjoy natural river and red gum forest environments.

- One of the key requirements to improve management of the River environments is to ensure strong partnerships within key partner organisations. This took a major step forward with a meeting between Parks Vic senior leadership and some IAC members to discuss Eastbank Lake project, RiverConnect and the licensing issue including Tom Collins drive.
- Entrance signage and seating installed at Boulevard Bush Reserve, a relatively intact red gum forest adjacent to the Goulburn River and a residential growth corridor of Shepparton.

Image 5: Boulevard Bush Reserve Signage

- Site assessment completed at Kaieltheban Park, Mooroopna.
- National Tree Day revegetation activities, in collaboration with Greater Shepparton City Council. The following schools participated, planting over 1300 plants:
 - Wanganui Park Secondary College
 - Shepparton High School
 - Mooroopna Primary School
 - Undera Kindergarten
 - Shepparton Christian College
 - Shepparton English Language Centre

CONNECTING ABORIGINAL PEOPLE

To provide programs, activities and facilities so that the whole community can understand and better appreciate the important historical and cultural significance this area holds for its traditional owners.

- Flats signage – Winner of the Cultural Heritage Interpretive Signage award.
- Flats walk and bush tucker – Uncle Leon Saunders and others lead a unique and memorable cultural walk on The Flats. Participants learnt about significant events and heard personal stories of life growing up on the banks of the Goulburn River before enjoying a traditional styled lunch.
- Rumbalara Elders Council Meeting in September
- Questionnaire developed for schools to complete on the Flats Walk
- Discussions commenced with staff from Yenbena to develop a cultural trail from Cummeragunga to Mooroopna to honour the walk off and the strong link between these two locations for Yorta Yorta people. These discussions will continue and involve council's tourism coordinator.

CONNECTING EDUCATION

To provide opportunities for the education sector and the broader community to understand the environment, culture and importance of the area as a valuable asset to appreciate, enjoy and protect.

There was a sharp increase in the number of schools that participated in RiverConnect education activities this financial year. The trend with engaging new schools continued with Undera Primary School, Ardmona Primary School and Wilmot Road Primary School enjoying their first taste of learning about the river environment.

RiverConnect 2015 / 2016 Summary

RiverConnect had another growth year, delivering over 24 individual events for 4,150 community members to engage with the Rivers. This represents a significant increase in the previous year's participants of 2,500. This can mostly be explained by the KidsFest event which saw a conservative estimate of 2000 people over the 2 day event pass through the joint RiverConnect, Goulburn Murray Landcare network, Council and Parks Victoria tent.

Student participation increased again this year from 1976 in 2014/15 to 2112 in 2015/16 spread amongst 42 individual school events. One of the many highlights has been the inclusion of kinder groups and the outreach extension of the education officer to schools such as Tatura, Undera and Murchison. These schools have a real desire to have access to RiverConnect and are embracing their opportunity.

There are of course numerous, intangible outcomes of RiverConnect that are not so easy to report on but are just as important. RiverConnect provides the platform for discussions that lead to action outside the project itself. An example is a desire by key partners to tackle the growing rubbish issues along the Goulburn River. This resulted in a meeting to develop a joint process forward that will have a significant role to play in the 2016/17 financial year.

Perhaps one of the most significant achievements this year was the 10 year celebration of the formation of RiverConnect. The celebration started with canoeing along the Goulburn River, followed by a wonderful and moving Welcome to Country by Auntie Ella Anselmi, a gourmet bar-b-que and a gathering of old and new partners at the Victoria Park Lake. Two very special and long term community partners to RiverConnect were acknowledged for their passion and commitment to connecting all of us to the wonderful river environments of Greater Shepparton over the last 10 years.
